Enjoy high precision with the Eminent EM3162 Laser Mouse. This mouse has special features enabling you to adjust the comfort and usability to your own needs. You can change the weight and dpi resolution for optimal precision!Adjustable resolutionThe Eminent EM3162 Laser mouse has a highly sensitive laser sensor. You can easily change the resolution using the special dpi button on top of the mouse. For basic computer applications you can use the default 800 dpi. For high precision applications and gaming you can change the resolution instantly to 1600 or 2400 dpi. The led on the mouse turns red when 1600 dpi is selected, the led turns green when 2400 dpi is selected.Fitted with 7 buttonsThe ergonomic designed laser mouse has 7 buttons: Left, Right, Scroll/Middle, Fire (left of the scroll button), DPI, Forward and Backward buttons.Adjustable weightThe Eminent EM3162 Laser Mouse comes with special designed weight cartridges. This enables you to adjust the weight of the mouse for more convenience and usability. Place the weight cartridge in the compartment of the mouse to your own desire and comfort.The Eminent EM3162 is the perfect solution for gaming and office work!
